

Dr. Elena Rostova

Boston, MA | e.rostova@biotechlab.org | linkedin.com/in/elenarostova

PROFESSIONAL SUMMARY

Detail-oriented Molecular Biologist with extensive experience in cellular bioenergetics, genetics research, and protocol validation for clinical diagnostics.

TECHNICAL SKILLS

Laboratory Skills: PCR, DNA/RNA Extraction, Next-Gen Sequencing, Cell Culture, Protein Electrophoresis.

Software: Rosalind BioInformatics tools, R, Python, PyMOL.

WORK EXPERIENCE

Senior Research Specialist | *BioGen Technologies* (2024 - Present)

- Analyzed ATP synthesis and eukaryotic mitochondrial respiration across plant cell variants.
- Engineered scalable sequencing workflows reducing cellular assay runtime by 18%.

EDUCATION

Master of Science in Biological Sciences — Stanford University
