

Alex Mercer

AI & Machine Learning Engineer

TECHNICAL SKILLS

Core Competencies: Python, PyTorch, TensorFlow, FastAPI, Natural Language Processing, Large Language Models (LLMs), Computer Vision, Git, Docker.

PROFESSIONAL EXPERIENCE

- **ML Engineer @ TechCorp:** Developed and deployed Transformer-based NLP pipelines using FastAPI and Groq API.
- **AI Research Intern:** Trained convolutional neural networks (CNNs) and benchmarked supervised learning classification models.
- **Projects:** Built a PDF Quiz Generator utilizing PyPDF, LangChain, and RESTful API endpoints.

EDUCATION

B.S. in Computer Science & Artificial Intelligence, Geeta University (2026)
