

Dr. Elena Rostova

Biotechnology & Molecular Biology Researcher

TECHNICAL SKILLS

Core Competencies: Cellular Biology, Genetics, DNA Sequencing, Biochemistry, Photosynthesis Analysis, Laboratory Protocol Design.

PROFESSIONAL EXPERIENCE

- **Research Associate @ BioGen Labs:** Conducted DNA extraction and RNA sequencing for cell culture growth analysis.
- **Lab Technician:** Evaluated cellular bioenergetics and ATP synthesis pathways in eukaryotic cell structures.
- **Publications:** Co-authored papers on photosynthetic electron transport and enzymatic catalysis.

EDUCATION

M.S. in Biological Sciences, Stanford University
